## CCI'S Commitment To Providing Regional Materials for LEED® Certification

Do you know where your materials are being harvested from and manufactured? Let CCI ensure that your commercial casework was manufactured with-in the required 500 mile radius of the project site; earning the Material and Resource (MR) credit towards LEED® certification. Working with our suppliers, we can also inform you if the wood and lumber used in our casework was harvested with-in the 500 mile requirement. Contact a CCI professional to learn more about our commitment to the LEED® Certification process.

MR Credit 5:  
Regional Materials,  
1-2 pts

“Use building materials or products that have been extracted, harvested or recovered, as well as manufactured, within 500 miles of the project site for a minimum of 10% or 20%, based on cost of the total materials value.”<sup>1</sup>

Major Metropolitan Areas with-in 500 miles of CCI

- Atlanta, GA
- Charlotte, NC
- Cincinnati, OH
- Columbus, OH
- Indianapolis, IN
- Nashville, TN
- New Orleans, LA
- Orlando, FL
- Pittsburgh, PA
- Raleigh, NC
- St. Louis, MO
- Tampa Bay, FL
- Washington D.C. (VA\*)

Pictured above: CCI's 500 mile radius from our manufacturing facility in Northeast Atlanta, Georgia as required by the Local Materials Credit of LEED® Certification. Centrally located in the southeast, we can provide 9 states and portions of 9 others with the satisfaction of having your commercial casework manufactured with-in 500 miles of the project site. Contact our team today to learn more!
